

Quality Payment PROGRAM

2019 MIPS Data Validation – Year 3 Promoting Interoperability Performance Category Changes

Promoting Interoperability Measure ID	Promoting Interoperability Measure Name	V1_05282019 2019 Changes	V2_01132020 2019 Changes
General	N/A	Changed date in all cells from 2018 to 2019	N/A
PI_PPHI_1	Security Risk Analysis	Added note that the report does not need to come from CEHRT - any documentation of analysis is sufficient.	N/A
PI_EP_1	e-Prescribing	Changed from E-prescribing to e-Prescribing throughout	N/A
PI_LVPP_1	e-Prescribing Exclusion	Changed from E-prescribing to e-Prescribing throughout	Updated language to "MIPS eligible clinician" from "clinician"
PI_EP_2	Query of Prescription Drug Monitoring Program (PDMP)	New measure for CY 2019	Updated Reporting Requirement to a Yes/No statement
PI_EP_3	Verify Opioid Treatment Agreement	New measure for CY 2019	N/A
PI_HIE_1	Send a Summary of Care	Updated measure name to Support Electronic Referral Loops by Sending Health Information	N/A
PI_LVOTC_1	Send a Summary of Care Exclusion	Updated measure name to Support Electronic Referral Loops by Sending Health Information	Updated language to "MIPS eligible clinician" from "clinician"
PI_HIE_2	Request/Accept Summary of Care	Removed measure from Year 3 Promoting Interoperability Criteria since the 2018 QPP Final Rule removed the measure from the program.	N/A
PI_LVITC_1	Request/Accept Summary of Care Exclusion	Removed measure from Year 3 Promoting Interoperability Criteria since the 2018 QPP Final Rule removed the measure from the program.	N/A
PI_HIE_3	Clinical Information Reconciliation	Removed measure from Year 3 PI Criteria since the 2018 QPP Final Rule removed the measure from the program.	N/A
PI_HIE_4	Support Electronic Referral Loops by Receiving and Incorporating Health Information	New measure for CY 2019 (combination of the Request/Accept Summary of Care and Clinical Information Reconciliation measures)	Updated language to "MIPS eligible clinician" from "clinician"

Promoting Interoperability Measure ID	Promoting Interoperability Measure Name	V1_05282019 2019 Changes	V2_01132020 2019 Changes
PI_CUITC_1	Support Electronic Referral Loops by Receiving and Incorporating Health Information Exclusion 1	New measure exclusion for the Support Electronic Referral Loops by Receiving and Incorporating Health Information (PI_HIE_4) for CY 2019	N/A
PI_LVITC_2	Support Electronic Referral Loops by Receiving and Incorporating Health Information Exclusion 2	New measure exclusion for the Support Electronic Referral Loops by Receiving and Incorporating Health Information (PI_HIE_4) for CY 2019	• Updated exclusion language in order to clarify requirement • Updated language to "MIPS eligible clinician" from "clinician"
PI_PEA_1	Provide Patient Access	Corrected column F to indicate the patient's choice rather than the clinician's.	N/A
PI_PEA_2	Patient-Specific Education	Removed measure from Year 3 Promoting Interoperability Criteria since the 2018 QPP Final Rule removed the measure from the program.	N/A
PI_CCTPE_1	View, Download, Transmit (VDT)	Removed measure from Year 3 Promoting Interoperability Criteria since the 2018 QPP Final Rule removed the measure from the program.	N/A
PI_CCTPE_2	Secure Messaging	Removed measure from Year 3 Promoting Interoperability Criteria since the 2018 QPP Final Rule removed the measure from the program.	N/A
PI_CCTPE_3	Patient-Generated Health Data	Removed measure from Year 3 Promoting Interoperability Criteria since the 2018 QPP Final Rule removed the measure from the program.	N/A
PI_PHCDRR_1	Immunization Registry Reporting	• Removed PHA acronym • Changed from 'Not Required' to 'Required' • Added PI_PHCDRR_1_MULTI for reporting to multiple immunization registries • Added exclusions	• Updated language to "MIPS eligible clinician" from "clinician" • Updated name of the objective in the exclusion documentation criteria
PI_PHCDRR_2	Syndromic Surveillance Reporting	• Removed PHA acronym • Revised text to indicate data from a non-urgent care setting • Changed from 'Not Required' to 'Required'	• Revised text to indicate data from an urgent care setting • Updated language to "MIPS eligible clinician" from "clinician"

Promoting Interoperability Measure ID	Promoting Interoperability Measure Name	V1_05282019 2019 Changes	V2_01132020 2019 Changes
		- Revised text to indicate PI_PHCDRR_2 is to a single public health agency or registry - Added PI_PHCDRR_2_MULTI for active engagement with multiple syndromic surveillance registries - Added exclusions	Updated name of the objective in the exclusion documentation criteria
PI_PHCDRR_3	Electronic Case Reporting	- Removed PHA acronym - Changed from 'Not Required' to 'Required' - Revised text to indicate PI_PHCDRR_3 is to a single public health agency or registry - Added PI_PHCDRR_3_MULTI for reporting to multiple registries - Added exclusions	- Updated language to "MIPS eligible clinician" from "clinician" - Updated name of the objective in the exclusion documentation criteria
PI_PHCDRR_4	Public Health Registry Reporting	- Removed PHA acronym - Changed from 'Not Required' to 'Required' - Revised text to indicate PI_PHCDRR_4 is to a single public health agency or registry - Added PI_PHCDRR_4_MULTI for reporting to multiple registries - Added exclusions	- Updated language to "MIPS eligible clinician" from "clinician" or "provider" - Updated name of the objective in the exclusion documentation criteria
PI_PHCDRR_5	Clinical Data Registry Reporting	- Removed CDR acronym - Changed from 'Not Required' to 'Required' - Revised text to indicate PI_PHCDRR_5 is to a clinical data registry - Added PI_PHCDRR_5_MULTI for reporting to multiple registries - Added exclusions	- Updated language to "MIPS eligible clinician" from "clinician" or "provider" - Updated name of the objective in the exclusion documentation criteria
