2018 MIPS Data Validation - Year 2 Promoting Interoperability Performance Category Changes

2018 Promoting Interoperability (PI) Measure ID	2018 PI Measure	V1_06152018 Changes
General	N/A	1) Changed Advancing Care Information (ACI) to Promoting Interoperability (PI); 2) Changed measure IDs from ACI to PI; 3) Changed column header to "2018 PI Measure Description" 4) Changed column header to "2018 PI Reporting Requirement (Yes/No Statement or Numerator/Denominator)"; 5) Changed column header to "2018 PI Validation (during performance period)" 6) Updated column header for 2018 PI Suggested Documentation
PI_PPHI_1	Security Risk Analysis	Clarified Measure Description; Clarified Reporting Requirement; Revised Validation to include information about the 90-day MIPS performance period
PI_EP_1	E-prescribing	Clarified Measure Description; Clarified Reporting Requirement; Revised Validation to include information about the 90-day MIPS performance period

2018 Promoting Interoperability (PI) Measure ID	2018 PI Measure	V1_06152018 Changes
PI_LVPP_1	E- prescribing Exclusion	Clarified Measure to remove "Proposed"; Updated Measure Description to indicate can claim the exclusion; Clarified Validation to indicate that guidance is based on the 2018 QPP final rule; Revised Suggested Documentation to indicate that the report from the CEHRT must show the number of prescriptions written by the clinician during the performance period
PI_PEA_1	Provide Patient Access	Clarified Validation
PI_HIE_1	Send a Summary of Care	Corrected Measure ID; Revised Validation to indicate transmission options; Clarified Suggested Documentation
PI_LVOTC_1	Send a Summary of Care Exclusion	Updated Measure to indicate who can apply for the exclusion; Clarified Validation to indicate that guidance is based on the 2018 QPP final rule; Revised Suggested Documentation to indicate "to another health care provider"
PI_HIE_2	Request/Accept Summary of Care	Corrected Measure ID; Clarified Suggested documents to clarify and indicate time period
PI_LVITC_1	Request/Accept Summary of Care Exclusion	Clarified Measure to remove "Proposed"; Updated Measure Description to indicate can claim the exclusion; Clarified Validation to indicate that guidance is based on the 2018 QPP final rule and "total number of transitions"; Revised Suggested Documentation to indicate that the report from the CEHRT must show the number of prescriptions written by the clinician during the performance period

2018 Promoting Interoperability (PI) Measure ID	2018 PI Measure	V1_06152018 Changes
PI_CCTPE_1	View, Download, Transmit (VDT)	Corrected Measure ID; Revised Validation to indicate the "use of CEHRT" and "or accessing their health information through the use of the API"; Revised Suggested Documentation to indicate "unique patient or patient-authorized representatives" and that it is during the performance period
PI_CCTPE_2	Secure Messaging	Corrected Measure ID; Revised Suggested Documentation to indicate "unique patient or patient-authorized representatives" and that it is during the performance period
PI_CCTPE_3	Patient-Generated Health Data	Corrected Measure ID; Revised Suggested Documentation to indicate that it is during the performance period
PI_HIE_3	Clinical Information Reconciliation	Revised Measure Description to indicate "and active diagnoses"; Revised Validation to indicate "Performs review of"; Revised Suggested Documentation to clarify that 3) current problem list is for a transition of care, referral received, or patient the clinician has never before encounter during the measurement period"
PI_PHCDRR_1	Immunization Registry Reporting	Revised Suggested Documentation to indicates "successful registration or submission" and "registration or receipts of submitted data"
PI_PHCDRR_2	Syndromic Surveillance Reporting	Revised Measure Description to simplify; Revised Suggested Documentation to clarify that 3) current problem list is for a transition of care, referral received, or patient the clinician has never before encountered during the measurement period"

2018 Promoting Interoperability (PI) Measure ID	2018 PI Measure	V1_06152018 Changes
PI_PHCDRR_3	Electronic Case Reporting	Revised Suggested Documentation to clarify that 3) current problem list is for a transition of care, referral received, or patient the clinician has never before encountered during the measurement period"
PI_PHCDRR_4	Public Health Registry Reporting	Revised Suggested Documentation to clarify that 3) current problem list is for a transition of care, referral received, or patient the clinician has never before encountered during the measurement period"
PI_PHCDRR_5	Clinical Data Registry (CDR) Reporting	Revised Suggested Documentation to clarify that 3) current problem list is for a transition of care, referral received, or patient the clinician has never before encountered during the measurement period"
