

CMS Web Interface Support Calls for ACOs, Groups, and Virtual Groups Reporting 2022 Quality Data

The Centers for Medicare & Medicaid Services (CMS) is hosting a series of support calls for groups, virtual groups, and Alternative Payment Model (APM) Entities (including Medicare Shared Savings Program Accountable Care Organizations (Shared Savings Program ACOs)) that are reporting data for the quality performance category through the CMS Web Interface for the 2022 performance period.

The CMS Web Interface is a secure, internet-based data submission mechanism for registered groups and virtual groups with 25 or more eligible clinicians, and APM Entities, including Shared Savings Program ACOs.

The 2022 performance period is the last year the CMS Web Interface will be available for quality measure reporting for groups, virtual groups, and APM Entities reporting traditional MIPS. The CMS Web Interface will continue to be an option for Shared Savings Program ACOs reporting via the APM Performance Pathway (APP) through the 2024 performance period.

The support calls will highlight important information and updates regarding the reporting of quality data via the CMS Web Interface. Groups, virtual groups, and APM Entities will have an opportunity to engage in Q&A sessions with CMS subject matter experts during the support calls.

The submission period opens on January 3, 2023, and closes on March 31, 2023 at 8 p.m. ET.

Accessing the CMS Web Interface Support Calls

If you're part of a group, virtual group, or APM Entity that will be submitting quality data to CMS through the CMS Web Interface and you would like to join the support calls, please register **(required)** through the links provided below.

You can listen to each support call from your computer or phone. Each presentation will be followed by a Q&A session that provides attendees with an opportunity to ask questions via phone and the questions box. Subject matter experts will address as many questions as time allows.

If you encounter any issues with registration or technical issues with your computer during a support call, please send an email to CMSQualityTeam@ketchum.com for immediate assistance.
