

Advanced Alternative Payment Model (APM) Incentive Payments for 2024

The following table provides information on the amount of Advanced APM incentive payments that were paid to eligible clinicians in 2024 based on their participation in Qualifying APM Participant (QP) Performance Period 2022. In order to qualify for such incentive payments, an eligible clinician is required to meet certain thresholds of participation in one or more Advanced APMs. In Performance Year 2022, the Advance APM participation thresholds were 50% of total Medicare Part B covered professional services payments received or 35% of total Medicare patients seen.

Qualifying APM Participant (QP) Count and Incentive Payments Performance Period 2022/Payment Year 2024

Number of Clinicians (NPIs*)	384,111
Total Payments**	\$840,349,155
Mean	\$2,187
Median	\$1,093

* This figure does not include QPs for whom the incentive payment was \$0 because they had no eligible claims in the base year.

** This figure represents earned incentive payments, which may be higher than disbursements on the basis of application of Federal debt offsets, bank transaction failures, and other factors.
