Section 2 – Statement of Introduction

Please tell us about yourself (the nominee) in the boxes below.

Role (e.g., physician, nurse practitioner, physician assistant, office manager, etc.):

--

Specialty Type, if applicable (e.g., general surgery, family medicine, behavioral health, pediatrics, etc.):

--

Clinical Setting (e.g., small practice [15 or fewer eligible clinicians], large practice, private hospital, public hospital, FQHC, CAH/rural hospital, etc.):

--

Areas of Professional Expertise & Interest (e.g., consumer engagement, interoperability & exchange, care coordination, population health, quality improvement, health reform/value-based care, etc.):

Experience with the Quality Payment Program (e.g., participation in MIPS, Advanced APMs, or MIPS APMs, educating clinicians on the program, etc. – **please limit your response to 500 words or less**):

Section 3 – Communicating the Quality Payment Program

A significant challenge with any new CMS program is adequately communicating the requirements to clinicians who may be eligible and expected to participate. CMS is seeking thought leaders who enjoy thinking outside-of-the-box to find innovative ways to educate clinicians and practices about the Quality Payment Program, and to share insights and feedback from the community of practice peers.

Using the space provided below, in two to three paragraphs, discuss your ideal approach to effectively communicating the Quality Payment Program to clinicians who may have limited familiarity. Highlight the methods you would use, any partnerships you would form, challenges you may expect to face and how you plan to overcome those barriers, and ways to reduce burden. Use specific examples from your current role, if possible.
