2024 Quality Benchmarks Version History

Purpose: This document identifies any changes to the 2024 Quality Benchmarks file, the 2024 Quality Benchmarks User Guide, or the 2024 Multiple Performance Measure file.

Version History

Date of Change	Location of Change	Change Description
09/23/2025	2024 Quality Benchmarks file 2024 Quality Benchmarks User Guide	Updated with 2024 performance period benchmarks.
05/16/2025	2024 Quality Benchmarks file	Measure 389 (MIPS CQM) and Measure 488 (eCQM) were identified as suppressed for the 2024 performance year, resulting in no benchmark.
05/21/2024	2024 Quality Benchmarks file	The following 10 QCDR measures have been removed from the 2024 benchmarks: AAN5, AAN8, AAN9, AAN22, AAN25, AAN31, AAN32, AAN34, AAN35, AAN36. These measures were only available through Axon Registry in Collaboration with Verana Health, a QCDR that has decided to discontinue participation in MIPS for the 2024 performance year.
02/14/2024	2024 Quality Benchmarks file	Removed measure 113 (eCQM, MIPS CQM, and Medicare Part B claims) from the benchmark file as these collection types aren't available for MIPS reporting in the 2024 performance year.
01/25/2024	2024 Quality Benchmarks file 2024 Quality Benchmarks User Guide 2024 Multiple Performance Measure file	Original posting.
