

Quality ID #91 (NQF 0653): Acute Otitis Externa (AOE): Topical Therapy

– National Quality Strategy Domain: Effective Clinical Care

– Meaningful Measure Area: Appropriate Use of Healthcare

**2019 COLLECTION TYPE:
MEDICARE PART B CLAIMS****MEASURE TYPE:**
Process – High Priority**DESCRIPTION:**

Percentage of patients aged 2 years and older with a diagnosis of AOE who were prescribed topical preparations

INSTRUCTIONS:

This measure may be submitted based on the actions of the submitting Merit-based Incentive Payment System (MIPS) eligible clinician who performs the quality action, described in the measure, based on services provided within measure-specific denominator coding. This measure is to be submitted once for **each occurrence** of AOE during the performance period. For the purpose of submitting this measure, only unique occurrences with an onset of AOE diagnosing within the current performance period will be submitted. A unique occurrence of AOE is defined as the period of time that begins with the onset of AOE diagnosing and ends 30 days after the onset of diagnosing. Claims data will be analyzed to determine unique occurrences. If multiple claims are submitted within that 30-day period, only one instance of submission will be counted.

Merit-based Incentive Payment System (MIPS) eligible clinicians who submit this measure may also find Quality ID #93: Acute Otitis Externa: Systemic Antimicrobial Therapy – Avoidance of Inappropriate Use to be clinically relevant. The measure developer intended for Quality ID #91: Acute Otitis Externa (AOE): Topical Therapy and Quality ID #93: Acute Otitis Externa (AOE): Systemic Antimicrobial Therapy- Avoidance of Inappropriate Use to be paired measures, as they can both be implemented to measure care provided to patients diagnosed with diffuse, uncomplicated AOE.

Measure Submission Type:

Measure data may be submitted by individual MIPS eligible clinicians using Medicare Part B claims. The listed denominator criteria are used to identify the intended patient population. The numerator quality-data codes included in this specification are used to submit the quality actions allowed by the measure on the claim form(s). All measure-specific coding should be submitted on the claim(s) representing the denominator eligible encounter and selected numerator option.

DENOMINATOR:

All patients aged 2 years and older with a diagnosis of AOE

DENOMINATOR NOTE: A new diagnosis code indicates a new occurrence of AOE. If a patient presents with right ear AOE then returns with new onset of left ear AOE symptoms, then the left ear AOE would be considered a new unique occurrence, separate from the right ear AOE.

Denominator Criteria (Eligible Cases):

Patients aged ≥ 2 years on date of encounter

AND

Diagnosis for AOE (ICD-10-CM): H60.311, H60.312, H60.313, H60.319, H60.321, H60.322, H60.323, H60.329, H60.331, H60.332, H60.333, H60.339, H60.391, H60.392, H60.393, H60.399, H60.501, H60.502, H60.503, H60.509, H60.511, H60.512, H60.513, H60.519, H60.521, H60.522, H60.523, H60.529, H60.531, H60.532, H60.533, H60.539, H60.541, H60.542, H60.543, H60.549, H60.551, H60.552, H60.553, H60.559, H60.591, H60.592, H60.593, H60.599, H62.40, H62.41, H62.42, H62.43

AND

Patient encounter during the performance period (CPT): 99201, 99202, 99203, 99204, 99205, 99212, 99213, 99214, 99215, 99281, 99282, 99283, 99284, 99285, 99304, 99305, 99306, 99307, 99308, 99309, 99310, 99324, 99325, 99326, 99327, 99328, 99334, 99335, 99336, 99341, 99342, 99343, 99344, 99345, 99347, 99348, 99349, 99350

WITHOUT

Telehealth Modifier: GQ, GT, 95, POS 02

NUMERATOR:

Patients who were prescribed topical preparations

Definition:

Prescribed – May include prescription given to the patient for topical preparations at one or more visits during the episode of AOE OR patient already receiving topical preparations as documented in the current medication list.

NUMERATOR NOTE: *Denominator Exception(s) are determined on the date of the denominator eligible episode.*

Numerator Quality-Data Coding Options:

Topical Preparations Prescribed for Acute Otitis Externa

Performance Met: CPT II 4130F: Topical preparations (including OTC) prescribed for acute otitis externa

OR

Topical Preparations Not Prescribed for Acute Otitis Externa for a Medical Reason

Append a modifier (1P) to CPT Category II code 4130F to submit documented circumstances that appropriately exclude patients from the denominator.

Denominator Exception: 4130F with 1P: Documentation of medical reason(s) for not prescribing topical preparations (including OTC) for acute otitis externa

OR

Topical Preparations Not Prescribed for Acute Otitis Externa for a Patient Reason

Append a modifier (2P) to CPT Category II code 4130F to submit documented circumstances that appropriately exclude patients from the denominator.

Denominator Exception: 4130F with 2P: Documentation of patient reason(s) for not prescribing topical preparations (including OTC) for acute otitis externa

OR

Topical Preparations Not Prescribed for Acute Otitis Externa, Reason not Otherwise Specified

Append a submission modifier (8P) to CPT Category II code 4130F to submit circumstances when the action described in the numerator is not performed and the reason is not otherwise specified.

Performance Not Met: 4130F with 8P: Topical preparations (including OTC) for acute otitis externa (AOE) not prescribed, reason not otherwise specified

RATIONALE:

Topical preparations should be used to treat AOE as they are active against the most common bacterial pathogens in AOE, *Pseudomonas aeruginosa* and *Staphylococcus aureus*. Topical preparations are recommended as initial therapy for diffuse, uncomplicated AOE because of safety, efficacy over placebo in randomized controlled trials, and excellent clinical and bacteriologic outcomes in comparative studies. Topical preparations have demonstrated efficacy in the treatment of AOE with resolution in about 65-90% of patients.

CLINICAL RECOMMENDATION STATEMENTS:

Clinicians should prescribe topical preparations for initial therapy of diffuse, uncomplicated AOE.

Recommendation based on randomized controlled trials with some heterogeneity and a preponderance of benefit over harm. [Aggregate evidence quality – Grade B (AAO-HNSF, 2014)]

The purpose of this statement is to emphasize the importance of topical therapy, without systemic antibiotics, for initial management of uncomplicated AOE.

COPYRIGHT:

The Measures are not clinical guidelines, do not establish a standard of medical care, and have not been tested for all potential applications.

The Measures, while copyrighted, can be reproduced and distributed, without modification, for noncommercial purposes, e.g. use by health care providers in connection with their practices. Commercial use is defined as the sale, license, or distribution of the Measures for commercial gain, or incorporation of the Measures into a product or service that is sold, licensed or distributed for commercial gain.

Commercial uses of the Measures require a license agreement between the user and the PCPI® Foundation (PCPI®); or the American Academy of Otolaryngology – Head and Neck Surgery Foundation (AAO-HNS Foundation). Neither AAO-HNS, nor AAO-HNS Foundation, nor the American Medical Association (AMA), nor the AMA-convened Physician Consortium for Performance Improvement® (AMA-PCPI), now known as the PCPI, nor their members shall be responsible for any use of the Measures.

The AMA's and AMA-PCPI's significant past efforts and contributions to the development and updating of the Measures is acknowledged. AAO-HNS and AAO-HNS Foundation are solely responsible for the review and enhancement ("Maintenance") of the Measures as of August 14, 2014.

AAO-HNS and AAO-HNS Foundation encourage use of the Measures by other health care professionals, where appropriate.

**2019 Medicare Part B Claims Flow for Quality ID #91 NQF #0653:
Acute Otitis Externa (AOE): Topical Therapy**

SAMPLE CALCULATIONS:

Data Completeness=

$$\frac{\text{Performance Met (a=40 episodes)} + \text{Denominator Exception (b}^1\text{+b}^2\text{=10 episodes)} + \text{Performance Not Met (c=20 episodes)}}{\text{Eligible Population / Denominator (d=80 episodes)}} = \frac{70 \text{ episodes}}{80 \text{ episodes}} = 87.50\%$$

Performance Rate=

$$\frac{\text{Performance Met (a=40 episodes)}}{\text{Data Completeness Numerator (70 episodes) – Denominator Exception (b}^1\text{+b}^2\text{=10 episodes)}} = \frac{40 \text{ episodes}}{60 \text{ episodes}} = 66.67\%$$

*See the posted Measure Specification for specific coding and instructions to submit this measure.

2019 Medicare Part B Claims Flow Narrative for Quality ID #91 NQF #0653:

Acute Otitis Externa (AOE): Topical Therapy

Please refer to the specific section of the specification to identify the denominator and numerator information for use in submitting this Individual Specification.

1. Start with Denominator
2. Check Patient Age:
 - a. If Patient Age at Date of Service is greater than or equal to 2 Years equals No, do not include in Eligible Population. Stop Processing.
 - b. If Patient Age at Date of Service is greater than or equal to 2 Years equals Yes, proceed to check Patient Diagnosis.
3. Check Patient Diagnosis:
 - a. If Diagnosis for AOE as Listed in the Denominator equals No, do not include in Eligible Population. Stop Processing.
 - b. If Diagnosis for AOE as Listed in the Denominator equals Yes, proceed to check Encounter Performed.
4. Check Encounter Performed:
 - a. If Encounter as Listed in Denominator equals No, do not include in Eligible Population. Stop Processing.
 - b. If Encounter as Listed in Denominator equals Yes, proceed to check Telehealth Modifier.
5. Check Telehealth Modifier:
 - a. If Telehealth Modifier equals Yes, do not include in Eligible Population. Stop Processing.
 - b. If Telehealth Modifier equals No, include in Eligible Population.
6. Denominator Population:
 - a. Denominator Population is all Eligible Episodes in the Denominator. Denominator is represented as Denominator in the Sample Calculation listed at the end of this document. Letter d equals 80 episodes in the Sample Calculation.
7. Start Numerator
8. Check Topical Preparations (Including OTC) Prescribed for AOE:
 - a. If Topical Preparations (Including OTC) Prescribed for AOE equals Yes, include in Data Completeness Met and Performance Met.
 - b. Data Completeness Met and Performance Met letter is represented in the Data Completeness and Performance Rate in the Sample Calculation listed at the end of this document. Letter a equals 40 episodes in the Sample Calculation.
 - c. If Topical Preparations (Including OTC) Prescribed for AOE equals No, proceed to check Documentation of Medical Reason(s) for Not Prescribing Topical Preparations (Including OTC) for AOE.
9. Check Documentation of Medical Reason(s) for Not Prescribing Topical Preparations (Including OTC) for

AOE:

- a. If Documentation of Medical Reason(s) for Not Prescribing Topical Preparations (Including OTC) for AOE equals Yes, include in the Data Completeness Met and Denominator Exception.
 - b. Data Completeness Met and Denominator Exception letter is represented in the Data Completeness and Performance Rate in the Sample Calculation listed at the end of this document. Letter b¹ equals 10 episodes in the Sample Calculation.
 - c. If Documentation of Medical Reason(s) for Not Prescribing Topical Preparations (Including OTC) for AOE equals No, proceed to check Documentation of Patient Reason(s) for Not Prescribing Topical Preparations (Including OTC) for AOE.
10. Check Documentation of Patient Reason(s) for Not Prescribing Topical Preparations (Including OTC) for AOE:
- a. If Documentation of Patient Reason(s) for Not Prescribing Topical Preparations (Including OTC) for AOE equals Yes, include in the Data Completeness Met and Denominator Exception.
 - b. Data Completeness Met and Denominator Exception letter is represented in the Data Completeness and Performance Rate in the Sample Calculation listed at the end of this document. Letter b² equals 0 episodes in the Sample Calculation.
 - c. If Documentation of Patient Reason(s) for Not Prescribing Topical Preparations (Including OTC) for AOE equals No, proceed to check Topical Preparations for AOE Not Prescribed, Reason Not Otherwise Specified.
11. Check Topical Preparations (Including OTC) for AOE Not Prescribed, Reason Not Otherwise Specified:
- a. If Topical Preparations (Including OTC) for AOE Not Prescribed, Reason Not Otherwise Specified equals Yes, include in the Data Completeness Met and Performance Not Met.
 - b. Data Completeness Met and Performance Not Met letter is represented in the Data Completeness in the Sample Calculation listed at the end of this document. Letter c equals 20 episodes in the Sample Calculation.
 - c. If Topical Preparations (Including OTC) for AOE Not Prescribed, Reason Not Otherwise Specified equals No, proceed to check Data Completeness Not Met.
12. Check Data Completeness Not Met:
- a. If Data Completeness Not Met, the Quality Data Code was not submitted. 10 episodes have been subtracted from the Data Completeness Numerator in the Sample Calculation.

SAMPLE CALCULATIONS:

Data Completeness=

$$\frac{\text{Performance Met (a=40 episodes) + Denominator Exception (b}^1\text{+b}^2\text{=10 episodes) + Performance Not Met (c=20 episodes)}}{\text{Eligible Population / Denominator (d=80 episodes)}} = \frac{70 \text{ episodes}}{80 \text{ episodes}} = 87.50\%$$

Performance Rate=

$$\frac{\text{Performance Met (a=40 episodes)}}{\text{Data Completeness Numerator (70 episodes) - Denominator Exception (b}^1\text{+b}^2\text{=10 episodes)}} = \frac{40 \text{ episodes}}{60 \text{ episodes}} = 66.67\%$$
